Changes Hands

Wave 6-14-84

HEBER CITY-Offering the same services, only changing hands, the Wasatch Video and T-Shirt Shop of Heber City, is open for business.

Al Smith and his wife Gayle, have taken over the business of the Wasatch Video and T-Shirt Store in the Day's Market complex in Heber City.

The Smith's moved from Mich-

igan, and now live in Midway's Interlaken Estates. "We love it, the valley, the people, everything," stated Smith.

The Smith's were visiting friends in the Park City area, and they came to Heber Valley a few times, and when they found Wasatch Video for sale, they knew they would like it here.

The video store is open for business from 11 a.m. until 6:30 p.m. Monday through Thursday, and open until 8 p.m. on Fridays and Saturdays.

The T-Shirt shop is open the same hours, and offers custom t-shirt designs. "If the customer will bring a design in, it can be printed," said Smith. They offer specials to clubs, teams and employers.

Home Business Seminar Scheduled at the Homestead

Wave 4 Oct 1984

The Home Business Seminar scheduled at the Homestead on Oct. 12-13, 1984 has an exciting line up of special guests. One such person is Gladys Maritti of Salt Lake City. Gladys is the owner of a home-based business that consults with home-based business owners and promotes local craftshows. Her company

"Precious Keepsakes" provides resources for people starting out in a new business venture by giving direction and working with people to write a workable business plan. Gladys is the President of Salt Lake Chapter of National Alliance of Home Based Business Woman. The NAHB is a non-profit organization dedicated to helping women in their personal, professional, and economic growth. The main purpose of the organization is to help eliminate isolation and to

encourage local networking.

Gladys will be featured at the Homestead Seminar making a presentation with other NAHB business owners sharing the successes that they have had in operating a home based business. She will also be presenting a workshop on Saturday about "Tips for Starting a home-Based Business". We are privileged to have someone with such a diverse background in our area to share some of her expertise.

Gladys will be assisting area home based business owners to get organized and start a local chapter. For further information contact the Wasatch County Extension Office at Room 101 in the Courthouse or phone 654-3211, ext. 26. A 10% discount is offered to anyone making reservations by Oct. 5, 1984.

Here's Wishing the 1984 Swiss Days Success in All Areas!

Utah's Most Complete Selection of Wood Stoves is Now in Heber!

Beauty backed by quality...

That's a Lopi alternative energy appliance. With uncompromising attention to detail, Lopi has created the ultimate heating system—an efficient, cost-saving appliance that utilizes the newest technology in combustion efficiency and heat transfer.

But efficiency alone is not enough. Lopi has combined smooth curved lines, graceful glass mounted in nickel or gleaming brass to

create the atmosphere of a warm and romantic open fire.

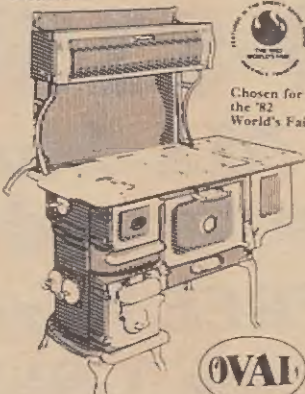

Available in three fireplace inserts and three freestanding stoves. Lopi is backed by knowledgeable professional dealers, who are highly trained to answer all your questions concerning woodburning appliances.

If you truly want the best by all means have it, it's available at Lopi.

EAT N' HEAT

Cook your meals while you heat your home with an Elmira wood/coal cookstove.

Chosen for the '82 World's Fair.

Even after 90 years it has not outlived its usefulness.

When the Godin Foundry first cast the Petit Godin wood and coal burning stove, it was among the world's first great, airtight stoves. It was also considered a work of art.

Today, after 90 years of continuous production, Petit Godin lives on. Still a marvelously efficient and convenient stove. Still one of the world's most beautiful stoves. Still saving Godin owners 20, 30 often 50% of the cost of heating a home.

Greatness never ages.

ENERGY

We won't leave you out in the cold.

The BLAZE KING® wood stove. Airtight, energy-efficient, with exceptionally clean lines. The BLAZE KING® lets you say goodbye to high heating costs and energy shortages.

One load of wood burns at least 14 hours, and with the automatic thermostatic draft control and built-in blower system, you're assured years of trouble-free, energy-conserving heat.

Come in today, and see the entire BLAZE KING® family.

BLAZE KING®

If you're looking for the finest quality, best looking airtight stoves available today, stop by and see us. We offer Utah's largest selection of wood and coal burning stoves because we feel the stove you select should fit your needs and not the dealer's limited inventory level.

We also have a complete line of chimney's and stove pipe to make your purchase as simple as possible. Come by and talk to us. We'll be happy to answer your questions. Whether your tastes run victorian to modern, or elegant to plain, we have a stove for you!

Wave / Nov '84 654-1962

HEBER CITY—If you want to know anything about stoves, not the new electric kind, but coal and woodburning stoves, you can call Pack-Away, Donald Haury.

Don has recently purchased and opened Don's Chimney Sweep and Stoves and is going to have a grand opening to introduce a fine line of stoves and accessories.

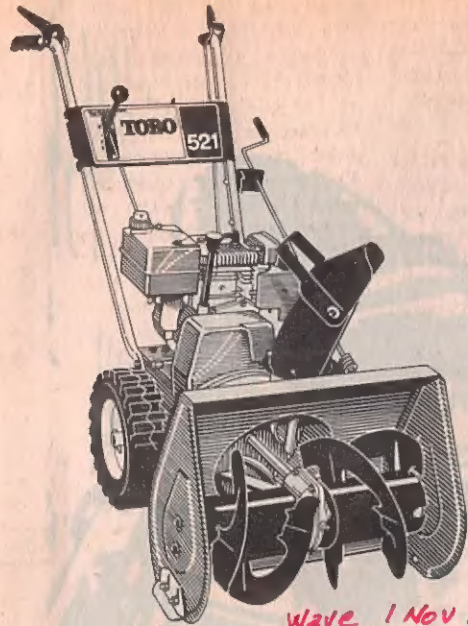

Don is well acquainted with the industry, seeing how he has been servicing the stoves for the past two years as a chimney sweep and installer. He knows what size will be good for the right house, and

how to make the most out of a stove. Don has everything for the stove you buy, all accessories, including split wood.

The stove brand names that will be carried by will be Elmira, Blaze King, Orley, Washington, Seirra just to name a few. Don says that he is planning to get Vermont Castings and Lopi stoves soon.

As a part of the store, Don and his wife Teresa will be opening a T-shirt shop which will offer wholesale and retail shirts. Don sayd to bring in special designs and they can handle them.

New Kis One-Hour Photo

Processing is Here

Wave 6-14-84

HEBER CITY-Kis 1-hour Photo Processing, located next to the Avon Theatre in Heber City is open for business.

This locally owned and operated photo processing business is unique in that it uses the Kis-Photo process of developing and printing film. These films must be C-41 process films, and can do all sizes; 110, 120, 126, and 135. Also processes disk film.

"We try to have the lowest

priced film in town," said store owner Steve Zimmerman. Besides developing film, The Kis-Photo Store also provides printing and reprint services. "We can make prints from any color negatives you bring in. We can do 5 X 7 sizes also."

"We wanted to provide Heber City with a service that they could benefit from," explained Zimmerman, "Life is too short to wait a week for your photos."
